WHO Collaborating Centre for Quality
Assurance and Empowerment in
Mental Health

LVR-Klinikverbund

Invitation

The LVR-Klinikum Düsseldorf – Clinics of the Heinrich-Heine University Düsseldorf is designated as a WHO Collaborating Centre for Quality Assurance and Empowerment in Mental Health for a period of 4 years starting in 2014.

The designation recognizes both a history of collaboration with WHO and provides a formal framework for future joint activities. The LVR-Klinikum Düsseldorf will assist WHO in the development and dissemination of tools for quality management in mental health services. In consultation with WHO it will improve education of health professionals in the area of quality management in mental healthcare and will furthermore support WHO in the development of ICD-11.

The Inaugural Symposium will provide insight into the current status of quality management in mental health services and the status of revision of the chapter on Mental Disorders and Substance Abuse for ICD-11.

I look forward to meeting you in Düsseldorf.

Prof. Dr. Wolfgang Gaebel
